

**Intent to Complete Requirements for Graduation with Mathematics
Departmental Honors**

As described in the catalog and at <http://www.math.rutgers.edu/undergrad/honors/hongrad.html>, the mathematics department has a program for recognizing graduating mathematics majors for outstanding performance, by awarding Mathematics Graduation Honors.

The purpose of this form is for a student to declare his or her intent to complete these requirements. While not required for graduation with honors, filing this form helps to ensure that a student is not overlooked when honors eligibility is determined. You should only submit this form if you intend to fulfill the requirements for graduation with honors as given in the website listed above.

Student Name: _____ I.D. Number _____

Class: _____ School _____

School address: _____

Email address (print clearly): _____

School phone: _____

Return this form to the Undergraduate Mathematics Office, Hill 303, Busch Campus.
