

Chapter 1: Curves (1.2--1.5, portion of 1.7: 4 lectures)

Chapter 2: Regular Surfaces (2.2 -- 2.5, portion of the Appendix: 6 lectures)

Chapter 3: The Geometry of Gauss Maps (3.2 -- 3.3, portion of 3.5: 6 lectures)

Chapter 4: The Intrinsic Geometry of Surfaces (4.2 -- 4.5: 6 lectures)

The six additional lectures are reserved for two midterms, catch ups, and discussion of additional topics.
